

## What is Organic Learning?

It's a mind, body and emotion based learning approach that is geared towards:

- ✓ Nurturing your child's inner growth
- ✓ Fostering your child's voice
- ✓ Building your child's intrinsic motivation
- ✓ Boosting child development
- ✓ Amplifying the parent-child bond
- ✓ Cultivating emotional growth and well-being
- ✓ Empowering and educating children, parents and child care workers

# organic learning

Nurturing Your Child's Early Inner Growth

### Services:

Our services include a variety of workshops, parent-child activities, and one-on-one interaction – in person or by phone.

#### Parent Consultation and Support:

offers parents personal support, information and guidance on issues related to early child development and parenting.

#### Organic Learning Workshops:

delivers customized parenting workshops for parents and child-care workers.

#### Organic Learning Playshops™:

facilitates tailor-made children's playgroups.

#### Organic Learning Partyshops™:

offers learning activities for children in a party format.

## Who would benefit?

- **Parents** – “How can I assist my child to fully develop from the inside out?”
- **Daycare centers** – “How can I equip my staff to emotionally support the children?”
- **Nannies** – “How can I deepen the connection I have with the children I work with?”
- **After school programs** – “How can we grow and develop the emotional inner world of our children?”
- **Camps** – “How can we provide children with a greater understanding of themselves and build self-confidence?”

### Free Information Session:

**Perth Dupont Library**

**1589 Dupont Street**

**Tuesday, June 21, 2011**

**6.30pm**
