

PRE-APPLICATION COMMUNITY MEETING

299 Campbell Avenue

I invite all residents to attend a public meeting to review the proposed plans for the possible redevelopment of 299 Campbell Avenue before an Official Plan Amendment and Zoning Bylaw Amendment application are filed with the City.

The developer intends to propose the construction of a mixed-use commercial and residential building with a podium height of 6 storeys along Dupont Street and Campbell Avenue. The building would step up and back to 8 storeys and further up and back to 18 storeys in the eastern portion of the site. The proposed redevelopment would have a mix of single, one, two and three bedroom units, two levels of retail/commercial and office space along Dupont Street and Campbell Avenue, as well as Live/work units along Campbell Avenue and three levels of underground parking.

This session is an opportunity to come and see what is being proposed and to contribute your ideas to the process before an official application is submitted.
